Rain overspread the region on Saturday. There was some minor sleet mixed in at the onset mainly near and north of I-90. Even though air temperatures were in the middle 30s, the ground was still frozen in many locations allowing some minor icing to occur especially in western and northern regions. Major icing took place west of I-39 west into Iowa. Meteorologist: Tom Piazza, CCM

All details contained herein are made subject to the inherent limitations of the science of Meteorology. The data is based upon reports received from the National Weather Service and Cooperative Observers. Start and Stop times are taken from the nearest National Weather Service Observation Reporting Station. The data has been evaluated by our staff of professional meteorologists and determined to be accurate and representative of these locations. We do reserve the right to make changes to this report upon receipt of further meteorological data if we deem it necessary.
